

Bless the hands that bless

NHS Blessing

Lucy Bunce wrote this blessing for the staff at Addenbrookes Hospital, Cambridge following a request from friend, Dr Susie Hunt.

Bless the hands that bless,
now care for the ones who care.
Father of hope give rest,
protect all from despair.
Strengthen weary feet:
as they walk in the way of love,
kindness let us speak:
reflecting you above.
Open the hands that bless,
to receive what they need today.
Father of all, the wellspring of life:
bless the hands that bless, I pray.
